L'assicurazione di qualità, è, fin dal 2004, un aspetto sul quale la nostra organizzazione ha investito. "Standardizzare", adottando una norma comune e valida in tutto il mondo, significa anche dare al Cliente, una garanzia in più -valida a tutte le latitudini-, che il lavoro viene svolto in maniera rigorosa, senza per questo perdere la flessibilità che deve contraddistinguere le organizzazioni snelle. Oggi, la gestione dei processi interni, è allineata all'edizione più recente della norma ISO 9001. Il monitoraggio degli indicatori basilari della qualità (non conformità interne, reclami del cliente ed efficienza dei processi decesionali) rendono il nostro lavoro il più allineato possibile alle esigenze, in continuo mutamento, del mercato mondiale.

Since 2004, quality assurance is an issue that our organization has invested in.

"Standardize", adopting a common and universally-recognized standard, means even giving Customers an additional warranty, about the strict way our job is done, without losing the flexibility that must distinguish lean organizations. Nowadays, the internal process management is entirely compliant to the latest edition of the norm ISO 9001. Monitoring quality critical indicators (internal non-compliances, customers complains, processes efficiency) make our work as closely as possible to the increasing needs of the world market.

Siamo la **prima azienda del settore in Italia**, ad aver ottenuto la certificazione per la gestione ambientale ISO 14001. Il rispetto per la "salute" dell'ambiente è una logica conseguenza anche rispetto alla location nella quale abbiamo deciso di insediarci da oramai 40 anni, ovvero il cuore delle Dolomiti Bellunesi, patrimonio mondiale dell'umanità UNESCO.

L'ambiente in cui viviamo ci influenza e l'ambiente nel quale viviamo e lavoriamo noi, è un gioiello prezioso che, anche con il nostro lavoro industriale, dobbiamo poter preservare e garantire. La nostra idea è che un prodotto possa acquistare maggior valore, proprio perchè realizzato senza danneggiare l'ecosistema nel quale in seguito andrà inevitabilmente ad inserirsi.

SGA N° 0100

We have been the first company in Italy, within our business sector, to get the Environmental management system certification ISO 14001.

The respect for the environment "health" is a logical consequence even about the location we decided to settle 40 years ago, which is the heart of the Dolomites, a UNESCO world heritage.

The environment in which we live influences ourselves, and the environment where we work and live is a precious jewel that we must be able to preserve and guarantee even by our industrial work. Our idea is that a product can acquire more value precisely because it is realized without damage to the ecosystem, which will subsequently be -no escaping- installed in.

CONDIZIONI DI VENDITA - CONDITIONS OF SALE**COMMISSIONI**

Le nostre offerte, come le commissioni assunte dai nostri incaricati, non sono impegnative se non dopo la conferma da parte della nostra ditta. L'importo minimo imponibile per l'evasione di un ordine è di €150,00 (IVA esclusa) non cumulabile con altri ordini in corso. Eventuali aggiunte ad ordini in corso con importi inferiori a €150,00 (IVA esclusa) saranno considerate tali solo se notificate alla nostra sede entro 24 ore dal ricevimento dell'ordine a cui l'aggiunta si presume collegata. Le ordinazioni che non raggiungono il minimo imponibile di €150,00 potranno essere evase solo previa accettazione del cliente di un contributo "spese di evasione" di €15,00.

CONFEZIONI

I quantitativi delle confezioni sono quelle espresse nella colonna "pack" del presente listino. Sulle confezioni non conformi ai quantitativi espressi nella suddetta colonna, verrà applicato un aumento del 20%.

TERMINI DI CONSEGNA

I termini di consegna hanno solo carattere indicativo. In ogni caso qualsiasi indennità per ritardata consegna, non potrà mai essere pretesa dal committente.

RISCHI IMBALLI

La merce accuratamente imballata viaggia a rischio e pericolo del committente. Non si assume alcuna responsabilità per furti, avarie, manomissioni che si dovessero verificare durante il trasporto.

RESI

Gli eventuali ritorni di merce non saranno accettati se non autorizzati e fatti franchi di ogni spesa ai magazzini del ns. stabilimento. Nessun reso verrà accettato se non accompagnato da regolare D.D.T.

DISEGNI

I disegni del catalogo non sono impegnativi e i ns. prodotti potranno essere variati in qualche particolare, qualora si ritenga opportuno senza che ciò possa provocare reclami da parte del committente.

PAGAMENTI

Ci riserviamo il diritto di proprietà sui materiali forniti fino al completo pagamento dei medesimi. Trascorso il termine stabilito per il pagamento, decorreranno gli interessi di mora in ragione del 6% in più del tasso ufficiale di sconto. Per ordinazioni fino a e 200 (IVA esclusa) il pagamento avverrà in contrassegno.

CONDIZIONI DI GARANZIA - CONDITIONS OF WARRANTY**DEFINIZIONI****Caratteristiche dinamiche**

Sono quelle caratteristiche che, per via di fattori ambientali o dell'usura causata dal normale utilizzo, possono cambiare nel corso del tempo.

Periodo di prestazioni ottimali

È il periodo stabilito entro il quale il prodotto venduto garantisce una massimizzazione delle caratteristiche dinamiche ed è il periodo di tempo che Didieffe Group srl copre con garanzia. Esso varia in funzione di due fattori principali:

- la zona geografica nella quale sono posti i prodotti
- la tipologia del materiale e del trattamento con il quale è costruito un prodotto

INFORMAZIONI PRELIMINARI SULLA GARANZIA

Didieffe Group srl garantisce all'acquirente originale, che il prodotto acquistato è conforme alle specifiche tecniche indicate al momento della produzione (vedi schede tecniche prodotto) nel rispetto delle caratteristiche statiche dichiarate dalla documentazione prodotta.

La preghiamo, gentile acquirente, di informare Didieffe Group srl della difformità di qualsiasi prodotto alle suddette caratteristiche entro due (2) mesi dalla scoperta del difetto. Didieffe Group srl non sarà responsabile per dichiarazioni relative al prodotto non da lei direttamente effettuate.

In nessun caso, Didieffe Group srl, sarà responsabile o obbligata – quand'anche accertata la responsabilità di Didieffe Group srl- in misura superiore al prezzo di acquisto del bene o dei beni oggetto di contestazione, né sarà responsabile o obbligata per ogni altro danno diretto o indiretto (inclusi senza limitazione: impossibilità d'uso, perdita di tempo, disagio, perdite commerciali, mancati profitti o guadagni, danneggiamento dei beni sui quali i propri prodotti sono installati, eventuali costi di rimpiazzo o reinstallazione dei prodotti), derivante dall'uso o dal mancato uso del prodotto, nei limiti in cui tale esclusione di responsabilità sia consentita dalla normativa applicabile.

COME OTTENERE L'ASSISTENZA IN GARANZIA

Per ottenere l'assistenza in garanzia è necessario farne richiesta scritta e farla pervenire a Didieffe Group srl via e-mail, fax, oppure spedendola a Didieffe Group srl - z.a.Pradenich 2/a, 32030, Cesiomaggiore (BL), Italia. Nella comunicazione sarà necessario indicare:

- Nominativo acquirente
- Data di acquisto (fa fede l'emissione della fattura)
- Problema riscontrato (specificare dettagliatamente)

CONDIZIONI

La presente garanzia non è applicabile se il prodotto è stato modificato. Didieffe Group srl si riserva il diritto di rifiutare l'assistenza gratuita se la documentazione richiesta al punto precedente non può essere fornita o se le informazioni sono incomplete o illeggibili. La riparazione, a discrezione di Didieffe Group srl, può comprendere l'aggiornamento di alcuni particolari o la sostituzione di componenti di equivalente funzionalità. I componenti o gli accessori sostituiti vengono garantiti per il periodo residuo di durata della garanzia originaria. Il periodo di garanzia non verrà pertanto in alcun modo esteso.

Didieffe Group srl non sarà responsabile, in alcun caso, di problemi o danni causati da accessori non forniti da Didieffe Group srl che siano connessi o utilizzati in collegamento con prodotti Didieffe group.

DEFINITIONS**Dynamic characteristics**

They are the characteristics that, for environmental factors, can change during the time.

Optimum performances period

It is the established period within which the sold period warrants a maximization of the dynamic characteristics and it is the time period that Didieffe Group srl covers with warranty. It changes in function of two main factors:

- the geographical zone in which the products are placed
- the material and treatment typology with which a product is manufactured.

PRELIMINARY INFORMATION ON THE WARRANTY

Didieffe Group srl warrants to the original purchaser that the acquired product is in conformance with the technical specifications indicated during the production (see product technical cards) in the respect of the static characteristics declared from the produced documentation.

We please you, kind purchaser, to inform Didieffe Group srl on the differences of any product to the above mentioned characteristics within two (2) months from the defect discovery. Didieffe Group srl will be not responsible for declarations relative to the product not directly performed from it.

In none case, Didieffe Group srl, will be responsible in measure superior to the purchase price, and it will be not responsible for every other direct or indirect damage (included without limitation: use impossibility, time loss, commercial losses, discomfort, lacked profits or earnings), deriving from the use or from the product lacked use, in the limits in which this responsibility exclusion is allowed from the applicable standard.

HOW TO OBTAIN THE ASSISTANCE IN WARRANTY

To obtain the assistance in warranty it is necessary to make a written request and send it to Didieffe Group srl via e-mail, fax, or sending it to Didieffe Group srl - z.a.Pradenich 2/a, 32030, Cesiomaggiore (BL), Italy. In the communication will be necessary to indicate:

- Purchaser name
- Purchase date (it is valid the invoice emission)
- Checked problem (specify in detail)

CONDITIONS

The present warranty isn't applicable if the product has been modified. Didieffe Group srl reserves the right to refuse the free assistance if the documentation requested to the previous point cannot be supplied or if the information are incomplete or unreadable. The reparation, at the discretion of Didieffe Group srl, can include the updating of any particulars or the components change of equivalent functionality. The changed components or accessories are warranted for the duration residual period of the original warranty. The warranty period will be not in any way extended.

Didieffe Group srl will be not responsible, in any case, of problems or damages provoked from accessories not supplied by Didieffe Group srl that are connected or used in connection with Didieffe products.

ESCLUSIONI DELLA GARANZIA

La presente garanzia non è valida se i difetti sono dovuti a danneggiamenti, errato utilizzo, manomissione, negligenza o incuria e in caso di alterazioni o riparazioni effettuate da personale non competente.

Si riportano di seguito alcuni esempi di difetti o danni non coperti dalla presente garanzia sul prodotto:

- Difetti o danni risultanti da un utilizzo del prodotto in condizioni ambientali non compatibili con le caratteristiche tecniche intrinseche del prodotto acquistato e specificate nella tabella A
- Difetti o danni dovuti a errato utilizzo, incidente o incuria
- Difetti o danni derivanti da una scorretta manutenzione o da interventi che possono aver modificato o alterato la natura dei materiali o dei trattamenti dei prodotti (vedi capitolo MANUTENZIONE E SICUREZZA)
- Graffi o danni ad ogni superficie dovuti al normale utilizzo del prodotto da parte del consumatore
- Formazione di ossido/ruggine nell'area immediatamente circostante i fori per le viti di fissaggio (ove presenti)

Non sono coperte da alcuna garanzia i materiali non contemplati nella Tabella A.

Non sono coperti da garanzia materiali e finiture realizzate su espressa richiesta del cliente ovvero che non siano indicati nei nostri cataloghi o documenti commerciali.

Sono inoltre esclusi dalla garanzia i difetti emersi su prodotti per i quali il cliente non può dimostrare di aver effettuato alcuna manutenzione (vedi sezione "MANUTENZIONE E SICUREZZA").

WARRANTY EXCLUSIONS

The present warranty isn't valid if the defects are due to the damaging, incorrect use, tampering, negligence or negligence and in case of changes or repairs

performed from incompetent personnel.

Here follow some defects or damages are showed not covered from the actual warranty on the products:

- Defects or damages resulting from a product use in environmental conditions not compatible with the purchased products technical characteristics and specified in the table A
- Defects or damages due to the wrong use, accident or negligence
- Defects or damages deriving from an incorrect maintenance or from interventions that can have modified or changed the material nature or of the products treatments (see MAINTENANCE AND SAFE USE chapter)
- Scratches or damages to every surface due to the normal use of the product on behalf of the consumer

The materials not included in the Table A aren't covered from any warranty.

Aren't covered by any warranties, materials and finishes made on demand of the customer or rather that aren't expressly indicated on our catalogues or sales documents.

Defects arising on products for which the customer cannot prove to have carried out any maintenance are also excluded from the guarantee (see section "MAINTENANCE AND SAFETY").

MANUTENZIONE E SICUREZZA - MAINTENANCE AND SAFE USE**MANUTENZIONE E PULIZIA DELLA SUPERFICIE**

I manufatti prodotti da Didieffe Group srl, possono essere ripuliti da eventuali impurità o depositi di pulviscolo atmosferico, salsedine o smog, al fine di mantenere il più a lungo possibile il buono stato di conservazione della finitura. Si consiglia una periodica pulizia della superficie. Per gli accessori installati all'esterno, passare un panno leggermente inumidito ogni 1 o 2 mesi (a seconda che l'esposizione agli agenti atmosferici sia più o meno elevata). Non usare alcun tipo di prodotto chimico per la pulizia o detergente. Per gli accessori montati all'interno la frequenza di pulizia rimane a discrezione dell'utente, ma la modalità di pulizia deve essere la medesima degli accessori montati esternamente, pena la perdita delle coperture di garanzia.

MANUTENZIONE DEGLI ORGANI MECCANICI

La manutenzione degli organi meccanici, attiene solo ed esclusivamente alle parti visibili del prodotto, non deve in nessun caso, nemmeno al fine di eseguire la manutenzione stessa, essere mai manomesso o smontato alcun componente, pena la perdita delle garanzie previste. In caso di manomissione, Didieffe Group srl è sollevata da qualsiasi responsabilità per il malfunzionamento del prodotto o per eventuali danni connessi all'utilizzo stesso, sia a cose che a persone. La manutenzione degli organi meccanici deve essere eseguita utilizzando un prodotto lubrificante idoneo. Si consiglia l'utilizzo dello spray "Geminy", acquistabile facendone richiesta direttamente ai nostri uffici.

CONTROLLI DI SICUREZZA

Tutte le parti portanti, specialmente relative agli accessori per le persiane (bandelle, cerniere e cardini), che hanno un carattere rilevante per la sicurezza, vanno controllate periodicamente al fine di mettere in evidenza allentamenti relativi alla viteria di fissaggio. A seconda dei casi, occorrerà stringere nuovamente le viti, con particolare riguardo alle viti che fanno da anti-sfilamento dei perni di rotazione, i quali devono sempre rimanere posizionati nella propria sede. Inoltre, andrà segnalato ad un installatore qualificato, l'eventuale possibile danneggiamento di talune parti, al fine di verificare la funzionalità e, se del caso, procedere alla sostituzione.

MAINTENANCE AND CLEANING OF THE SURFACE

The items manufactured by Didieffe Group srl can be cleaned to remove any impurities or deposits of atmospheric dust, brine or smog, to maintain the good state of preservation of the finish as long as possible. Periodic cleaning of the surface is recommended. For accessories installed outdoors, wipe with a slightly damp cloth every 1 or 2 months (depending on the extent of exposure to atmospheric agents). Do not use any kind of chemical cleaning product or detergent. For accessories installed indoors, the frequency of cleaning is at the user's discretion, but the method of cleaning must be the same as for accessories installed outdoors, or the guarantee will be lost.

MAINTENANCE OF MECHANICAL PARTS

The maintenance of mechanical parts concerns only and exclusively the visible parts of the product. In no case must any component be tampered with or removed, not even for maintenance purposes, or the guarantee will be lost. In the event of tampering, Didieffe Group srl is relieved of any liability for the malfunction of the product or for any damage connected to its use, to either persons or property.

The maintenance of mechanical parts must be carried out using a suitable lubricant. We advise using the "Geminy" spray, which can be ordered directly from our offices.

SAFETY CONTROLS

All the structural parts, especially for shutter accessories (straps, hinges and pintels), which are important for safety, must be checked regularly to detect any loosening of the retaining screws. Depending on the case, it will be necessary to tighten the screws, particularly the screws that prevent the slipping of the rotation pins, which must always remain in position in their seat. Any possible damage to such parts should be reported to a qualified installer, so that he can check their functionality and, if necessary, replace them.
